A) Terms & conditions of the Tender Notice:

1. Scope of Work

The work shall comprise cleaning, preparation, painting/repainting and finishing of electrical poles and associated structures, including PCC and Rail/Joist poles, pole-mounted iron structures, cross-arms, brackets, clamps, supports and other fittings as specified in the BOQ and as directed by the Engineer-in-Charge.

2. Surface Preparation

Before painting, the surface shall be thoroughly cleaned of dust, dirt, loose particles, rust, old loose paint, moss and other foreign matter by wire brushing, scraping, emery paper/sandpaper or other approved means.

Painting shall not commence until the surface has been inspected and approved by the Engineer-in-Charge.

3. Painting of PCC Poles

PCC poles and exposed concrete portions shall be properly cleaned and prepared.

- One coat of approved cement/concrete primer.
- Two coats of approved exterior-grade finishing paint/weather-resistant paint.
- Colour shall be as approved by the Engineer-in-Charge.

4. Painting of Iron/Steel Components

All exposed iron/steel surfaces shall be:

- Thoroughly cleaned and freed from rust and loose paint.
- Provided with **one coat of approved red-oxide/anti-corrosive primer**.
- Followed by **two coats of approved finishing paint**, such as synthetic enamel/aluminum paint, as specified in the BOQ.

The WBSEDCL specifications similarly require rust and scale removal before painting and specify primer and finishing coats for electrical line materials.

5. Make of Paint

Paints and primers shall be of approved quality and of makes specified in the tender. For example, the tender may specify:

Asian Paints / Berger / equivalent approved make, subject to approval of the Engineer-in-Charge.

Only genuine material in sealed original containers shall be used.

6. Number of Coats

The contractor shall strictly follow the number of coats specified in the BOQ/specification. No additional payment shall be made for surface preparation, brushes, thinner, scaffolding, labor, transportation, etc., unless specifically provided as separate BOQ items.

7. Electrical Safety

The contractor shall carry out the work without causing any damage to electrical installations, conductors, insulators, cables, transformers, AB cables, service connections or other electrical equipment.

Where work is required near live electrical equipment, the contractor shall follow the instructions of the Engineer-in-Charge and applicable electrical safety requirements. The contractor shall not independently undertake any electrical isolation or switching operation.

8. Protection of Electrical Equipment

The contractor shall adequately protect insulators, jumpers, conductors, cables, nameplates, danger plates, earthing arrangements, equipment terminals and other electrical components from paint splashes.

Any damage caused by the contractor shall be rectified/replaced at his own cost.

9. Traffic and Public Safety

Where poles are situated along roads, the contractor shall provide necessary barricading, warning signs and other safety arrangements during execution.

The contractor shall be responsible for maintaining safe movement of pedestrians and vehicles around the work location.

10. Working at Height

The contractor shall arrange suitable approved equipment, ladders, platforms, PPE and other necessary arrangements for work at height.

All workers shall use appropriate safety equipment.

11. Labour and Supervision

The contractor shall deploy adequate skilled/semi-skilled labour and a competent supervisor to complete the work within the stipulated period.

The contractor shall be responsible for the conduct and safety of his workers.

12. Materials and Transportation

Unless otherwise specified in the BOQ, the contractor shall arrange all labor, paint, primer, thinner, brushes, wire brushes, emery paper, tools, ladders, transportation and other materials required for completion of the work.

Recent CPWD electrical specifications similarly treat rates as inclusive of incidental costs, taxes/duties and other requirements necessary for completion unless specifically excluded in the tender.

13. Inspection and Quality Control

The Engineer-in-Charge or his authorized representative shall have the right to inspect the work at any stage.

Any work found defective, incomplete or not conforming to the specification shall be rectified by the contractor at his own cost.

14. Measurement

Measurement shall be made strictly according to the unit specified in the BOQ, such as:

- Per pole
- Per structure
- Per metre
- Per square metre
- Lump sum

No payment shall be made for quantities not actually executed and accepted.

15. Completion Period

The entire work shall be completed within **30 days/ 1 months** from the date of issue of the Work Order/Letter of Award or handing over of site, as specified in the NIT.

16. Defect Liability / Guarantee

The contractor shall guarantee the quality of workmanship and materials for **01 years** from the date of completion.

During the guarantee period, any premature peeling, flaking, significant deterioration or defective workmanship attributable to the contractor shall be rectified by him at his own cost.

17. Damage to Departmental Property

Any damage to poles, structures, electrical equipment, conductors, cables, roads, buildings or other departmental/public property caused by the contractor during execution shall be repaired/replaced at the contractor's own cost to the satisfaction of the Engineer-in-Charge.

18. Removal of Waste

All used paint containers, waste materials, rust, old paint flakes, packing materials and debris generated during the work shall be removed from the site by the contractor.

19. Rate

The quoted rate shall be inclusive of all labor, materials, tools and tackles, transportation, loading/unloading, surface preparation, painting, safety arrangements and all incidental expenses necessary for satisfactory completion of the work, except those specifically payable separately under the BOQ.

20. Payment

Payment shall be made on the basis of actual measured and accepted work, subject to submission of required documents and deductions applicable under the contract.

No payment shall be made for defective/unaccepted work.

21. Liquidated Damages

In case of failure to complete the work within the stipulated completion period, liquidated damages shall be imposed as per the applicable GCC/NIT provisions, subject to the maximum limit prescribed therein.

22. Subletting

The contractor shall not sublet or transfer the whole or any substantial portion of the work without prior written permission of the competent authority.

23. Engineer-in-Charge

The Engineer-in-Charge shall have authority to inspect the work, reject defective materials/workmanship, issue necessary instructions and require rectification of defective work in accordance with the contract.

24. Variation of Quantity

The Department reserves the right to increase/decrease the quantity of individual BOQ items within the permissible limits of the applicable procurement rules without creating any claim for compensation, subject to the tender conditions.

25. Right to Reject

The Department reserves the right to reject any material or workmanship that does not conform to the approved specification.

26. No Claim for Idle Labour

The contractor shall not ordinarily be entitled to any additional payment on account of idle labour, tools, machinery or materials due to normal operational/site constraints, unless specifically admissible under the contract.

27. Compliance with Laws

The contractor shall comply with all applicable labour, tax, safety, environmental and statutory requirements during execution of the work.

28. Dispute

Any dispute arising out of the contract shall be dealt with in accordance with the dispute-resolution/arbitration provisions of the applicable WBSEDCL/Government GCC.

29. EMD (Earnest Money Deposit)

Earnest Money Deposit amounting to 2% (Two Percent) of the total Estimated Cost. As mentioned above, shall be submitted individually along with the offer. Necessary earnest money may be remitted through online mode.
